		"Empower managers to put wellbeing at the heart of their leadership approach with our practical and immersive 4-hour course."
		Mental Health First Aid is a globally recognised 2-day training programme designed to equip individuals with the skills to identify signs and symptoms of mental ill-health and provide initial support on a first aid basis.
		This in-depth one-day course teaches the necessary skills and knowledge to recognise individuals showing signs of suicidal ideation. Attendees learn how to competently intervene and implement suicide-safety measures as a first aid intervention.
